Month9books, United States, 2016. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book. The future is bright for 16-year-old Ava Holland and the residents of Evereach. They dont have to worry about old age or even getting sick. In their world, humans regenerate, heal, and live for hundreds of years. Mortality isnt something to fear. Disease has been all but eradicated. Everything changes when Ava watches her brother die and he doesnt regenerate. Avas genetics are called into question by the government, scientists, extremists, and Ava herself. Could her genes hold the answer to mortality? Is she an anomaly or something to be feared? Determined not to become anyones guinea pig, Ava doesnt stick around to find out. She wants answers too, but the only person who can help her is 17-year-old Michael Bradley, the boy who killed her brother. If either of them have even the slightest chance of survival, they must find the genetic keys hidden in Avas DNA before its too late.
