Not sure why but they got but, accepting the grant, a team travels to a new volcano-like island created off the southern coast of California. Samples of the rock specimens brought back to the lab display an unusual characteristic - they hop. . Wow this is a real big f----- deal. - was the consensus of the team. Experimentation lead to a useful structure that was very ridge but still maintained the anti-gravity characteristic. The resulting secret formula that lead to a very profitable company with unlimited fund for research. Many wild theories emerged about how the hopping rocks At a secrete port on the west coast they began to assemble their base to be used on the Island. The first floating platform was only about an acre and with help from, now Lieutenant Captain Boyle s, this went smoothly. Another idea was to use gravity as an assist in inter-planetary communications. What if gravity could be used...
