

The Space-Time Energy Level Change Powered Christmas Tree Light-Sail Smorgasbord. Notes on Novel Light-Sail Propulsion Methods. Addendum 1. (Paperback)

Filesize: 1.36 MB

Reviews

Unquestionably, this is actually the very best job by any article writer. I have read and that i am certain that i am going to planning to go through once again once more in the foreseeable future. I realized this publication from my i and dad advised this pdf to find out.

THE SPACE-TIME ENERGY LEVEL CHANGE POWERED CHRISTMAS TREE LIGHT-SAIL SMORGASBORD. NOTES ON NOVEL LIGHT-SAIL PROPULSION METHODS. ADDENDUM 1. (PAPERBACK)

DOWNLOAD

Createspace, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.This book presents and operator that is meant to be inserted into each linear power term in the now two huge formula sfor which sigma series notion is included and the respective summations are with respect to the letter j or the combination jde. Accordingly, there are thousands of such linear power terms that can be modified. The operator is so generally distributed because each of the self-evident aspects presented in the operator are assumed to augment the propulsive force and power terms considered for the numerous additional propulsion modes modeled by the sigma series with respect to the letter j or the combination jde. Thus, the new propulsion modes featured in this operator are assumed to be at least almost completely active on all portions of the spacecraft. Note that the operator is understood to have context specific magnitudes as may be relevant for various modes of propulsion so augmented and various differential portions of a spacecraft which may be effected differently from other portions by the propulsion methods implied in the operator. The operator is assume to be dimension-less.
