Counterpoint. Paperback / softback. Book Condition: new. BRAND NEW, The Pure Cure: A Complete Guide to Freeing Your Life from Dangerous Toxins, Sharyn Wynters, Burton Goldberg, The human race has invented nearly every toxin imaginable. In our food, there are chemicals that kill pests, make foods ripen faster and grow bigger, and lengthen shelf life. In our clothing, chemicals make fabrics soft, keep them from wrinkling, make them fire retardant and resistant to stains, and keep them from collecting static. In our kitchens and bathrooms, chemicals create suds, remove grease, stiffen our hair, make our skin feel smooth, stop us from perspiring, change our hair color, lengthen our lashes, and make us smell good. Unfortunately, many of these chemicals, designed to improve and simplify our lives, cause birth defects, hyperactivity, learning disabilities, attention deficit, early puberty, and developmental problems--to name a few. "The Pure Cure" takes readers to a new level of awareness regarding the dangers of the toxins in everyday products and services. Taking a thorough and comprehensive approach, the book guides readers through every room in the house and beyond, identifying problematic toxins and a course of action for eliminating them. The author also points to surprising new areas of concern, makes suggestions for healthy solutions, and provides a lists of products and companies that can offer safer alternatives.
