Createspace, United States, 2012. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.I have always wanted to discuss theological issues to depths that made everyone else uncomfortable, and I have never understood that. If scripture is credible, then why can't it be discussed from the perspectives of psychology, chemistry, genetics, or even sub-atomic physics? We are all born into a cultural bias and grow up in environments that reinforce our cultural views. However, we must be aware of our own limitations of understanding. Education, heritage, and situation form the biases we use as crutches to interpret the data around us. Add to our impediments, the biological nature of cognitive process and the inability of our biology to cope with the non-linearity of time. We must open our perspectives to a much larger reality than just the corner church. The war of words revolves around semantics and it is the semantics of our understanding that has fueled the conflict between science and religious mythology. Here we are in a technologically advanced age. It is a good time to be alive and our access to information from the broadest scale is unprecedented. Yet, progress has in many ways has led to regress. The more and more specified scientist become within their areas of expertise they actually become disconnected from the bigger picture. The science of Whole Earth Decompression Dynamics leads logically to The Fluid Dynamics of Whole Earth Decompression Theory and finally there is a scientific mechanism to explain all of the dynamics of planetary geophysics, including the mechanism behind an expanding earth through decompression. A decompression sequence described as mantel fluids bursting forth and swamping Planetoid Pangea beneath the global floodwaters of Oceana; and then the landmasses rose through the...
