The Report on Agricultural Education, submitted to the Legislature in January, 1911, and reprinted in the Seventy-fourth Annual Report of the Board of Education, for 1909-10, pages 197-296, is believed to have emphasized sufficiently the necessity of productive farm work, under capable and continuous school supervision, in cases where State aid for vocational agricultural education is desired. The present bulletin, therefore, is devoted mainly to agricultural project study, the distinctively agricultural study bearing upon the supervised farm work of the pupils, and outlines of study and methods of instruction that have the approval of the Board of Education.
