Not illustrated. 1906 Excerpt: .that stage in the development of cancer when physiologic resistance is distinctly impaired, whereas surgery can frequently to some extent restore this important function. I make this statement in spite of several apparent cures in my hands. I believe the x-ray treatment of cancer should be limited to slowly growing superficial lesions wherecosmetic effect is of prime importance, but even here it should be attempted only by an expert whose judgment and experience enable him to tell when he must surrender the case to a surgeon. Roentgen ray therapy offers an attractive field to the general practitioner, especially in country districts, and I believe it my duty to raise my voice against its indiscriminate employment. There are enough safe and legitimate uses for x-ray apparatus outside of this field, and it is not intended to discourage its use where it can do no harm. BIBLIOGRAPHY. 1...
