I just read the entire book, Money Seeds, from cover to cover. The book held my interest right from the start to the finish. I never stopped reading it until I finished. The book is loaded with great quotes at the start of each chapter. All I kept thinking about is where was this book when I created the Jelly Belly jelly bean? I believe this book is a MUST READ for anyone who wants to make it in the business world. - David Klein Inventor of Jelly Belly jelly beans. Has anyone ever sat you down and explained how money works? There are few classes taught in schools on the topic. Very few people know how money becomes valuable. Most parents don t teach their kids because they don t know themselves. The end result is a society that is overeducated on the details, but lacking in the basics. So crowds of people get excited about events that don t matter and ignore others that do. Lee Wibberding has plans to change all this. Believing people can learn and change their circumstances if they just know how, he has distilled the most useful economic thought into seven principles the average man or woman can understand and use to plant his or her own money seeds. Seeds that will grow a brighter future. Written in an easy to understand style, Money Seeds explains: How money works and why it is not real. Why understanding value is the key to wealth. How helping others can help you. A simple plan for your own success. Using these seven principles will open up a new understanding of how the world...
