# ENVIRONMENTAL SCIENCE: A NEW APPROACH

Narosa Publishing House, 2013. Softcover. Book Condition: New. ENVIRONMENTAL SCIENCE: A New Approach is an attempt to provide comprehensive information on various aspects like natural resources, ecosystem ecology, conservation of biodiversity, pollution and its control measures and environment protection legislation. Special emphasis is laid on various social issues related to environment like resettlement and rehabilitation of displaced people, energy related urban problems and environmental ethics. The book critically evaluates current issues like population explosion, global warming and sustainable development. This...
