BIRD TALES: A PROGRAM FOR ENGAGING PEOPLE WITH DEMENTIA THROUGH THE NATURAL WORLD OF BIRDS

Health Professions Press, U.S., United States, 2013. Microfilm. Book Condition: New. 292 x 221 mm. Language: English . Brand New Book. Bird Tales is an easy-to-implement therapeutic programme that uses multisensory stimulation and the natural outdoor world of birds to help people living with dementia interact with their environment and share a meaningful experience with others. Observing birds through sight, sound, smell and touch can encourage staff and family interactions even in elders with advanced dementia, and lift their mood for...

Reviews

This ebook can be well worth a go through, and far better than other. Sure, it can be enjoy, continue to an interesting and amazing literature. I am just delighted to tell you that this is the greatest book i have got study within my personal daily life and could be he very best publication for actually.

-- **Miss Susana Windler DDS**

I actually started out reading this book. It can be packed with wisdom and knowledge I discovered this ebook from my dad and i suggested this book to understand.
